GENEALOGY RESEARCH INFORMATION

We have **birth & death records on file from 1903 to the present date**. We have delayed birth records that date back to the late 1800's. Delayed birth records were issued to the person later in life, not at birth.

Birth records are confidential and **are not open to the public for the first 75 years after the date of filing**.

Death records are also confidential and **are not open to the public for the first 25 years after the date of filing**. During these periods, both may only be released to a properly qualified applicant. (HSC Sec.191.051; 25 TAC Sec. 181.1; GC 552.115)

Properly Qualified Applicant: a legal representative, personal representative or agent, an immediate family member, or the registrant, who has a direct and tangible interest in the record and who shall have a significant legal relationship to the person whose record, is requested. The purpose for which the certified copy is needed and the relationships of the applicant to the registrant are essential to the application to determine if the applicant is properly qualified. **Registrant:** The individual named on the certificate of birth, death or fetal death. **Immediate Family Member:** A Person's parent(s), child, sibling(s), spouse, grandparent(s), legal guardian or conservator. **Legal Representative:** (Personal representative or agent): Any individual, attorney, funeral director, or other representative acting under contract for the requester, when the requester is not the applicant; or is one bearing an affidavit, authorizing that person, agent, genealogist, or other representative to make application on behalf of the registrant or member of the immediate family for the record or information requested.

An application form or written request for each record must be completed before a certificate will be issued.

We require the following information to locate a birth or death certificate:

1. Person's full name at birth (if female, we need the maiden name)
2. Date of Birth or Date of Death
3. Parents names (include mother's maiden name, if known)
4. City of Birth or City of Death
5. Your relationship to the person and photocopy of identification.

A birth certificate search is \$23.00 each, and includes a certified copy if a record is found. If the person wasn't born in Fannin County, you will need to contact the County the birth took place.

The cost for a Death Certificate is \$21.00 for the first copy and \$4.00 for each additional copy of the same death certificate ordered at the same time.

If the person died in another county, then you will need to contact the county where the person died to obtain the record. **Certified copies are the only types of certificates we can issue.** The certificate will have the raised seal over the clerk's signature.

If we are unable to locate a copy of the certificate in our office you can send a request to the Bureau of Vital Statistics in Austin, Texas. The address is **Bureau of Vital Statistics, 1100 W. 49th Street, Austin, Texas 78756-3191**, www.tdh.state.tx.us/bvs/default.htm. You can also do research through the **Texas State Library & Archives, P.O. Box 12927, Austin, Texas 78711-2927**, www.tsl.state.tx.us/arc/genfirst.html.

We have marriage records on file from 1852 to the present. The records are indexed by the male's last name from 1852 to present and are open to the public.

We require the following information to locate a marriage record:

1. The man's full name
2. The female's full name (the name she was using at the time of marriage)
3. Date of marriage

Certified 1-page copies are \$20.00. If you are unsure of the marriage date, **we will research a 10-year period for \$10.00 per name.** **Marriage Verifications are \$10.00.** We only have licenses that were issued from Fannin County. If the license wasn't purchased from this county, you will need to contact the county clerk's office of the county where it was purchased.

If you are unable to locate the record at the county level, you can contact the **Bureau of Vital Statistics in Austin** or the **Texas State Library & Archives** for records starting in 1966 (same addresses as shown above).
